MINNESOTA ESCAPES STORM

St. Paul, April 16—Minnesota escaped a storm that swept the middle west last night and was basking in bright sunshine today while snow blocked other areas farther south.

Aside from a chill wind and temperature near freezing the upper Mississippi valley did not feel the effects of the storm.

STORM DAMAGE

Arkansas—Forty-nine killed, crops leveled, wheat area destroyed, property losses estimated at hundreds of thousands of dollars.

Texas—Eleven killed, and four counties damaged.

Wisconsin—Transportation and communication lines paralyzed by nearly one foot of snow and sleet accompanied by high winds. Street car lines and interurban lines tied up.

Shipping on Lake Michigan is in danger.

Illinois—Seventy mile an hour gale accompanied by heavy rain does heavy damage to trees, frame buildings and telegraph and railroad lines.

Chicago, April 16—Hurricanes and blizzards scourged the middle west taking a heavy toll of life and spread misery and destruction over an extensive area last night.

The worst storm in years swept into the Mississippi valley from the west raging over the states from the Great Lakes to Texas. Communication and transportation was disrupted. Southwestern Arkansas and Texas were the hardest hit. The tornado which swept through that district killed probably forty, mostly negroes, and caused hundreds of thousands of dollars property damage.

A heavy gale was reported over practically the entire Mississippi valley. The sixty mile wind swept down trees, telephone poles and some frame buildings. It was accompanied by a heavy rain.

In the northern states the rain turned to sleet and snow. Railroad trains were stalled and wires were down.

Wisconsin reported the heaviest snow fall of the winter with street cars in every city tied up and thousands of persons forced to walk to work.

As the gale swept over Lake Michigan it sent many vessels hurrying to port. Many were unable to make the haven and had to weather the storm on the lake. Life saving stations in practically all ports on Lake Michigan were working throughout the night to aid vessels which were reported in distress. Coast guards attempted to aid the vessels lying off Milwaukee breakwater.

The lighthouse off Calumet harbor, Chicago, was in danger of being swept away. The keeper stood at his post during the night. A coast guard boat stood by to take the keeper off in case of danger.

Fear was expressed for the condition of the fruit crop. Lower temperature was expected to follow the storm.

Death Toll of Storm Increases

Hope, Ark., April 16—Death in the form of whirling winds ravaging northeastern Texas and southwestern Arkansas claimed sixty dead, two hundred injured and approximately more than a million dollars property damage and left ruin in its path.

The Arkansas towns of Dolph, Washington, Marlbrook and Blevins

were reported practically destroyed. A score of plantations were wiped out.

Rescue parties toiled in the ruins searching for more victims and aiding the injured.

An entire family of six was reported killed on the Jones plantation near Texarkana. Pleas for help were received at Hope. All doctors, nurses and hundreds of citizens have left for the stricken area. The injured were being brought here in automobiles and other vehicles. Messengers on motorcycles were carrying supplies into the devastated territory.

Death List Grows

Hope, Ark., April 16—The death toll continued to grow as reports trickled in from the storm-swept rural districts of Texas and Arkansas which was swept by a mile wide tornado late yesterday.

Indications were the death toll might reach fifty. Unofficial reports indicated the following deaths: Miller county, 12; Dolph, 20; Washington, 4; Marlbrook, 12; northeast Texas, 12 killed; Blevins, 15 to 20 killed.

Rescue parties were rushed into the area from all directions. Doctors, nurses and citizens clambered into automobiles and last night plunged into the rain to aid the suffering. The storm starting at Texarkana, swept northeastward. It was more than a mile wide. Heavy rains accompanied the twister. Villages were demolished, plantation buildings leveled. All vegetation in the path of the storm was reported ruined.

The path of the storm stretched from Texarkana northeast toward Blevins. It passed within four miles of Hope.

The dead were mostly negro tenants and white plantation owners.

Dolph and Washington were said to be in ruins. Practically every business and dwelling house in both villages were demolished.

The storm tore up the wheat crop, rye and cotton and laid the fields bare. Roads were washed out. Telephone poles and wires were a tangled mass.

10 Inches of Snow in Milwaukee

Milwaukee, Wis., April 16—Nine and one-half inches of snow had fallen here at nine o'clock this morning and was continuing to fall, according to official reports of the weather bureau.

An army of five thousand unemployed had been placed at work by the city trying to dig out from under the record April storm.

A Standard Oil tug was reported in distress off Milwaukee.

Staples and Little Falls Doctors Are Indicted for Selling Prescriptions

(By United Press)

St. Paul, April 16—Dr. Elmer E. Hall, of Little Falls, and Dr. H. F. Allen of Staples, were charged with illegally selling prescriptions for liquor in a federal warrant issued today.

Federal operatives said they bought prescriptions from both men in reports made to the United States district attorney.

MELLON OPPOSITION TO SALES TAX SEEN

INCOME TAXATION SUFFICIENT,
HE IS EXPECTED TO TELL
CONGRESS

Washington, April 16—Secretary of the Treasury A. W. Mellon is expected to inform congress that a general sales tax should not be imposed so long as the progressive income tax is maintained as the foundation of the tax structure.

This position will be in accord with that of former Secretary of the Treasury D. P. Houston and of Dr. Thomas A. Adams, professor of economics at Yale university, and chairman of the advisory board of the treasury department.

Dr. Adams was the chief adviser of the secretaries of the treasury during the last administration and is continuing in the same capacity under Secretary Mellon.

While no announcement has been made by Secretary Mellon as to his recommendations regarding the revision of the tax laws he indicated that his views will not differ in any radical degree from those of Dr. Adams.

Sales Tax Will Not be Imposed Says G. O. P. Leader

(By United Press)

Washington, April 16—A sales tax will not be enacted by this congress, Representative Mondell, Wyoming, republican leader of the house, confidently asserted today.

If a sales tax would be approved by the senate, Mondell predicted that the house would never agree to it.

Body of Man Is Found on Roadside

(United Press)

Moorhead, Minn., April 16—The coroner today was attempting to identify the body of a man found late yesterday on the roadside near here. The body apparently had lain there all winter and was badly decomposed. All marks of identity had been removed. An inquest will be heard on Monday.

Labor Loses Fight in House

(By United Press)

St. Paul, April 16—Labor lost a hot fight in the house today when highway committees backed the bill to repeal the provision of the eight hour day law as affecting men employed on state roadwork. The bill passed 56 to 52.

Marquette car ferry No. 19 with a crew of 20, several hours over due from Ludington, Mich. The ferry left Ludington at 4:30 this morning and was last heard from by a radio station at nine o'clock. The ferry was due in Milwaukee at noon.

Colder Weather Follows Storm

Washington, April 16—Colder weather following the storm now sweeping the middle west forecast by the weather bureau today. The storm will not hit the eastern states the bureau said.

The storm is now central over southern Missouri and moving northeast. It has been accompanied by snow in the upper lake region and the Mississippi valley, middle plain states and the Rocky Mountain region. The snow has stopped however in the Rocky Mountain states. It is heavy in Colorado, Kansas, Wisconsin, Michigan and Nebraska.

STEPS ARE BEING TAKEN TO MAKE NEW WORK AGREEMENT

LOCAL CONFERENCES BETWEEN
RAILROADS AND EMPLOYES
WILL BE HELD

(United Press)

Chicago, April 16—Steps toward working out the 'compromise decision' rendered by the federal labor board on the national working agreement of the railroads were taken by railroads of the country today.

Preparations were made to call local conference between employees and employers of various lines to draw up local agreements on which an understanding can be reached. On July 1 the board will set up rules for such groups that have not reached an agreement. The present national agreement in force now terminates on that date. Both employer and labor are claiming victory in the decision.

MINERS WILL CARRY ON STRIKE

ALTHOUGH DESERTED BY THE
TRIPLE ALLIANCE, SAYS
SECRETARY

(United Press)

London, April 16—Striking coal miners deserted by their allies of the triple alliance, determined today to "carry on" pending a general conference of representatives of all sections. The announcement was made by Frank Hodgson, secretary of the miners' federation following a meeting of the executive council which adjourned at noon. He said that work would not be resumed anywhere until next week and the conferences had decided upon a course of action.

Defection of railroad and transportation workers yesterday which resulted in cancellation of the general strike order for ten o'clock last night was regarded as a death blow for labor extremists not only by the public and officials but by labor itself.

While stressing the menace of continuation of the miners' strike, the press was generally jubilant over the "shattering of the triple alliance."

MERMAID FROCK STARTLES ENGLISH

(United Press)

London, April 16—The freak fashions which inevitably accompany springtime madness promise this season to surpass anything that has gone before in the way of daring and novelty.

Dame Fashion has been having a confab with Father Neptune and the net result is decidedly "fishy."

One of them is the mermaid frock, which is a close-fitting affair entirely composed of paillettes which overlap one another in the approved fish-scale style. These paillettes are of iridescent shades of silver, green and blue. No trimming or ornament of any kind is worn with the frock and corsets are doffed so that the sinuous mermaid effect is complete.

Another fishy fad is the girdle composed of painted sea-shells. With this is worn a headdress of similar design, or, maybe, of tinted pearls.

For those whose systems cannot assimilate too much sea-breeze, a few Hawaiian modes have been thrown in. The one which is likely to excite most comment is the Hawaiian skirt. This extends from the waist to just below the knee and is composed of coarse, matted, hay-colored fringe and has the ragged primitive effect of the garments of South Sea Islanders.

PLANS DRAWN FOR COERCION OF GERMANY

MAY 1ST, IF SHE DOES NOT PAY
UP—PLANS SUBMITTED TO
ALLIES

(By United Press)

Paris, April 16—Complete plans for military and economic coercion of Germany on May 1 were submitted to the allies today by Premier Briand.

The plans which were drawn up at the conference last night by Briand, President Millerand, Marshall's Foch and Petain and Minister of Liberated Regions Loecheur include occupation of the Ruhr district and possibly industrial Westphalia.

French Mobilize Additional Troops
Upon Foch's recommendations it was decided to recall the military classes of 1918 and 1919 for three months. The marshal expressed the belief that one hundred thousand were "sufficient to keep the Germans in check."

Locheur presented a customs scheme whereby France would obtain three billion marks annually from the Ruhr district.

In submitting the plan to the allies for approval Briand emphasized that France demanded a definite guarantee and are not disposed to listen to further German promises.

Under the terms of the treaty of Versailles twelve billion marks are due from Germany on May 1. But the German government with time growing short insists upon drawing counter proposals with the United States as an intermediary.

The German embassy here confirmed reports that Germany contemplates another reparations move next week.

Favors Fight To Cement Nations

By WEBB MILLER

(United Press Staff Correspondent)
Paris, April 16—"The fight between Carpenter and Dempsey will do more to cement Franco-American relations than a score of marriages."

This is a declaration of General Nivelle, recently returned from a tour of the United States, in an interview on sports and matrimony.

"Let us have international competition in sports between France and America," said the general, "but by no means intermarriage."

Nivelle painted a gloomy picture of the fate of the French girl who hitched up with an American. He said the commonplace life in America was not suited to the demoiseille used to the many little attentions bestowed upon her by Frenchmen. Likewise he burst the rumor that we are all rich.

"Let us have interchange of students between French and American universities," said he, "but by no means interchange of marital love."

Returning to athletics, Nivelle conceded that we had some pretty hefty fighters, but he thought in the Dempsey-Carpenter match superb brain would triumph over brute brawn. He forgot to mention who had the brain, probably on the assumption that his audience knew who possessed the brawn.

Cattle Sold Higher

(United Press)

South St. Paul, April 16—The cattle division today of most kinds of cattle closed with some advance of light receipts and outside demand. Good beef steers sold steady to 25 cents higher and other steers sold steady. Bulls were fifty to 75 cents higher. Stocks and feeders 25 to 50 cents higher. Veal calves closed steady.

The hog market sold on about a steady basis with the range of sales \$6.50 to \$8.50 and bulk of sales \$7.50 to \$8.50. Pigs sold at \$9.50.

The sheep market closed steady and strong for the week.

Famine Victims Freeze To Death

(By United Press)

Hochienfu, China, April 16—Daily reports of famine victims freezing to death are being received by the relief mission station here. Rev. B. M. McOwen, Anglican Missionary, says that when grain distribution began, many of the men in the country hereabout were too weak to come and fetch their family ration.

Despite a blizzard that lasted 48 hours without a break, McOwen continued to issue relief stores to the starving, though many who started from points remote from the relief station lost their way in the storm.

"We are now enabled to feed about 40,000 persons through to the Spring harvest," McOwen says. "Probably ten times that number will need to be fed, if they are not to starve to death."

Four in Family Die As Train Hits Auto

(By United Press)

Rev. E. A. Cooke of Methodist Church
Given Surprise on Friday
Evening

At the close of the community pic-
tures at the Methodist church, last
night, the membership surprised their
pastor, Rev. E. A. Cooke, by remind-
ing him that that day was his birth-
day.

A shot program was rendered in-
cluding solos by Mrs. T. E. Nitterau-
er and M. E. Davis and a presenta-
tion of a travelling bag by O. C.
Skauge. A birthday cake with can-
dles was first placed in the center
of the parlors which was the first in-
timation Rev. Cooke had that the oc-
casion was in his honor.

Rev. Cooke has been pastor of the
local church for nearly three years
and is most popular with all members
of his church as well as with a large
number outside the church.

It was made very clear to Rev.
Cooke in the presentation speech by
Mr. Skauge that the bag was in no
way a hint to move on but to add to
the comfort of his many short jour-
neys from the city.

Chiropractic for Stomach Trouble

If your stomach is out of order consult a Chiropractor at the
earliest possible moment. He will tell you why your stomach
is not as it should be. He will locate the point where the
pinched nerve is and will adjust the vertebrae which are out of
position and which produce the pressure on the nerve. As
soon as this is adjusted and the pressure relieved, the nerve will
carry the life force freely to the stomach. As soon as the nerve
begins normal function then so soon will the stomach become
strong and normal.

Evening topic, "What is Christianity?" This is one of the most essential questions of our age, with the poorest definition of any word in the English language. The real fact is Christianity has no definition, we may give it a good description but define it never. The most beautiful description, and the clearest meaning may be found in these few words. Christianity is a loving, intelligent family organized around the Father's goodwill, living in the universe as His home, and using the forces of nature as the instruments of His will, and making all things harmonize with His wisdom, love and power. The God of our Fathers, is not a God of the trees, stones and things. God gave man dominion over these agencies for the advancement and civilization of the race. God is the father of living souls. God is a Father of mankind, trying by His loving influence and goodwill to build a home for a happy and contented family; man as the children

either help in the making of this home, or enlarge the task.

Christianity is a principle and not a policy. In a policy we get union, in Christianity harmony. The essential evil of policies is that they do not allow choice, while choice is necessary for progress. Policies are the undifferentiated thought of mind to the suggestion of a leader; Christianity, represents an articulated whole.

The difference between policy and principle is one of degree and not of kind.

You may say, "Well what difference does it make—we are all going to the same place". To go forward on this assumption, is to acknowledge that God is the most ridiculous personality every brought before the mind of mankind. You would be considered a fool to send your child to any one regardless of their knowledge of music to take music lessons, and it is just as foolish to think that God is going to build a harmonious family with every discordant note in sinful humanity. A cordial invitation is extended to every one to attend this service, J. E. Cadwell, pastor.

Laws That Must Be Obeyed.
Conditions are largely what people make them. If they observe national and economical law there is greater prospect of peace and plenty than when they ignorantly or deliberately violate them. When these laws are violated no man-made laws will change results.

SATURDAY, APRIL 16, 1921

APRIL, 1921.

April 6, 1921, marked the fourth anniversary of the entrance of America into the world war. In many localities the date was marked by some sort of special ceremonies of remembrance. These ceremonies might better have been omitted, however, if they were not also the forecast of a year of practical remembrance.

Thinking of the war, of America's glorious part in it, and commending the soldiers who fought in it is all very well. Memory has its place in the scheme of things. But there are many things which the war made wrong, which America has not righted as yet, and until she does, commemoration will have a hollow sound. There are soldiers out of work, there are soldiers' families in want. One man with a distinguished war record and many citations for bravery is walking the streets of New York looking for a job. His children are hungry. He is only one of many such cases, all over the country.

Federal relief for the sick and disabled soldiers has been sadly garbled. Fortunately it shows signs at last of going ahead with speed and practicality. Every community has its own problems and obligations and its share of the national obligation. Is the flickering interest which the anniversary aroused to kindle into a lively flame, or is it dying out already? April, 1921, has found America with much to be proud of, but also with much to be ashamed of. May, 1922, tell a different story!

At the Lyceum

If it is gigantic thrills and sensations that the public has been waiting for, that hunger will be satisfied when "The Lost City", a new serial sensation in fifteen smashing episodes starts its run at the Lyceum theatre today.

It is claimed that the serial is crammed full of the biggest kind of thrills and excitement from start to finish. The story is laid in the African jungles and desert lands and not only employs the strange uncivilized people of this dark continent, but nearly all of the ferocious animals which inhabit that adventuresome quarter of the world. Lions, tigers, leopards, elephants, alligators, zebras, giraffes, gorillas, etc., all enter the story, affording thrills and excitement, the like of which has never been attempted for a screen production.

Tom Mix will also be seen in his latest Wm. Fox production, "The Road Demon."

WAS CHARGED WITH MURDER, ACQUITTED

After Lengthy Trial Before Judge W. S. McClenahan at Aitkin, Mrs. Libby J. Nygard Acquitted

PROCEEDINGS ARE DRAMATIC

Jointly Indicted With Mike Inkenen Who Got Life Sentence in Jones Taxi Case

"Not guilty" was the verdict returned by the jury in district court at Aitkin, after a lengthy trial held before Judge W. S. McClenahan, wherein the defendant, Mrs. Libby Johanna Nygard, charged with murder in the first degree, had been jointly indicted with Mike Inkenen for the murder of the woman's husband, Axel Nygard, on or about May 10, 1920. Inkenen had been mixed up in the Jones taxi murder, pleading guilty to the murder of Jones and is now serving a life sentence in Stillwater. He was brought to Aitkin under two guards, kept in jail all week and testified Thursday afternoon, denying he had anything to do with the Nygard murder.

The body of Nygard was found in September, the woman locating the body. The state's case was purely circumstantial, no evidence being introduced before the murder, but the conduct of Mrs. Nygard after the murder being shown.

She was acquitted after a trial consuming three days of testimony, one day of selecting the jury and one day of argument and judge's instructions. The verdict was returned at 9:30 o'clock Friday night.

Mrs. Nygard took the jury's announcement stoically and later shook hands with the jurymen. Her attorney was W. V. Buck. The state was represented by Louis Hallum, county attorney, assisted by L. T. Mahany of Aitkin.

She testified that Inkenen killed her husband and then tied her to her husband's dead body, and threatened to kill her if she said anything about it.

All during the time from May to September, when taken into custody, she testified she could see Inkenen threatening her with a gun. She saw this image in the steam rising out of the tea kettle, in the eyes of persons she saw, or peering from the darkness into her window.

The jury was out six hours, taking five ballots it is reported. One juror was taken sick Friday morning, being E. G. Marvin of Thor. He was threatened with pneumonia and the defendant consented to continue the case with 11 jurors.

The case was one of the best attended in Aitkin, crowds being present daily. The many conflicting stories she told and the location of the body is what ultimately caused her arrest. When the body was recovered it was found under 18 inches of dirt at the farm home of Nygard. Ropes still bound his hands. He was wearing several thicknesses of clothing. Brush was piled over him.

The murder case was one of the most gruesome in the annals of Aitkin county history.

AMUSEMENTS

"813" at New Park

While successful photo-plays are always endowed with a proportion of spice of some nature, the element of mystery, when carefully sustained throughout, is really the best sort of spice to insure success. It is mystery and plenty of it, that makes "813," featuring Wedgewood Nowell, which opens at the New Park theatre Sunday, one of the best films ever seen on the silver sheet.

To begin with, "813" is an Arsene Lupin story by the famous French author Maurice Leblanc, and has the "pop" and punch which has distinguished M. Leblanc as one of the best novelists of the day. The story was adapted to the screen by W. Scott Darling and directed by Scott Sidney under the direct supervision of Charles Christie. The picture is placed in France and carries beautiful settings of Paris and cities in the southern portion of the Republic.

Robert Castleback, the "Diamond King" returns from Africa with all the wealth his heart desires and with a lust for power. He has a scheme which will return a certain prince to power and make him virtually the controlling force of all Europe. The plans are drawn up on paper and concealed in a spot only known to Castleback. Arsene Lupin seeks the plans, while two other arch-conspirators are looking for the same papers.

Castleback is murdered in his apartment and Arsene Lupin's calling card is found pinned upon his breast. Immediately after a porter of the hotel is found dead and then Castleback's secretary. If the mystery of who killed Castleback can be solved the other two murders will be cleared up. The Coroner says Arsene Lupin killed Castleback. The Chief of Police decided otherwise. Who did it is the ?
